estimated cost of about Rs 1,20000
and of some shops have been
recently sanctioned. Hence in order
to check effectively any leakages
in a revenue-earning enemy
this type, it is necessary to have
an adequately paid supervisory
establishment. Hence the adoption
of establishment proposed in the revision of
the scale of pay as noted therein
to the statement accompanying the
proposals of the AL-Committee dated

We often expect cuts up to Rs 7696/-

the staff may be moved to be employed
as & when necessary

32) It does not appear necessary to revive the post of the Market Inspector on Rs 60-4-80 The Market Superintendent is expected to devote major portion of his time

to this market which is the biggest and during the few hours of his absence, the two Assistant Market Inspectors will look after the work

A. proposed by the Comr, the number of Assistant Market Inspectors may be raised to two But their Salary may be retained at Rs 30-2-50 instead of as Rs 50-2-60 as recommended in view of the high fact that dearness allowance is being paid at a high rate

33) Four Bill-collectors on Rs 25-1-30 may be Sanctioned and not on Rs 25-1-40 Twenty-three peons may remain and two mutaddies on 15-1-20 may be Sanctioned No Gurkhas are necessary.

34) As regards the Sanitary staff, existing 1 + additional 3) four Daffedars and thirty-two Sweepers as proposed may be Sanctioned (Existing 2+10) No Assistant Sanitary Inspector does not appear to be quite necessary No typist-clerk is necessary as there will not be much typing or clerical work to do

35) It appears desirable to pursue a cautious policy, having regard to the finances of the Municipality and not allow expenditure to mount unnecessarily

To

B Mallaradhya, Esq , M A ,

SIR,

I have the honour to state that it has been under contemplation of the Municipality to increase the existing strength of the staff of the City New Market since some time past The Managing Committee at their meeting held on 25-2-1946 desired that a note with specific recommendations may be put up in this connection Accordingly, the Health Officer submitted proposals (copy enclosed) which were considered both by the Managing Committee and the Municipal Council at their meetings held on 14-6-1946 and 6-7-1946 respectively and were approved by them

2 Copies of the aforesaid proceedings are enclosed herewith for favour of obtaining sanction of Government to the resolution of the Municipal Council

3 Necessary provision to meet this expenditure has been made in the current year's draft budget and due provision in this regard will be made in the ~~current~~ annual budgets in future

A note on the additional establishment necessary for the City New Market

The present establishment consists of -

1 Market Superintendent
2 One Assistant Market Inspector
3 Four bill collectors,
4 23 peons,
5 One Sanitary Daffedar,
6 Twenty two sweepers and scavengers

The following posts are vacant -

1 One Assistant Market Inspector.
2 Three bill collectors

The above establishment was sanctioned some years ago and has not been revised since, inspite of several recommendations made by the Municipal Commissioner at various times The market has become too unwiedly and if properly managed is bound to fetch 50% more revenue A number of schemes which will improve the present market have also been suggested The sanitation of the market has been found to be far from satisfactory, particularly between 10-30 A M and 4 P M This is due to overcrowding in the market and inadequate staff It is however gratifying to note that the Market Superintendent has been able to collect practically 100% of the revenue, and keep the premises fairly clean The sanitary staff consists of one daffedar and twenty two sweepers There are two public conveniences which require the attention of the staff from 6 A M to 9 P M We have to entertain 6 persons by shifts to keep these conveniences tidy, and sixteen persons by shifts to look after the exterior and interior of the market The sweepers are at present on duty from 6 A M to 10-30 A M and 4 P M to 8 P M There will be none between 10-30 A M and 4 P M which is the time when a large number of customers also visit the market for purchasing vegetables and fruits Further the wholesale market is now being used after 10 A M for the retail shop keepers This area also requires special attention Unless 10 more hands are sanctioned it is not possible to maintain the market in good condition

Apart from this establishment there is only one daffedar to

supervise the work We cannot expect one man to look after the whole market, to be on duty through out the day and look after the extensive area . I therefore suggest that three more people be posted so that the market could be divided into two areas and one daffedar posted in charge of half the mark and they can work by shifts There must also be one Assistant Sanitary Inspector to assist the Market Superintendent for the supervision of the sanitary staff

Regarding the other executive staff. the market inspector has been promoted as market Superintendent, and he is expected to go for inspection of all the markets in the City In his absence there should be one responsible officer and therefore the post of the Market Inspector on Rs 60-4-80 may be retained There were two Assistant Market Inspectors, of which one was retrenched in 1934 Mr Ramiah is now officiating as Assistant Market Inspector, and it is absolutely necessary to have another one

There are four bill collectors, and there does not seem to be any need to increase the staff as the Market Superintendent assures that the collection can be managed by four persons

There are no Mutsaddis at the gate One of the peons on Rs 12/- is officiating as Mutsaddi, and he has no relief even I therefore suggest that two posts of Mutsaddis may be created for the collection of money at the gate . The present peon who has been working very hard, efficient and honest may be absorbed as one of the Mutsaddis In order to maintain peace and control over some of the undesirables, it is found necessary to appoint four gurkhas to be stationed at the northern and western gates by turns This is absolutely necessary in the interest of the Municipality . A comparative statement of the present and the proposed establishment is appended for kind perusal
